Scene 2  
Time: evening  
Setting: Ancient times  
At Rise: King Ambrotia tells his story

King A  
A long time ago, I was the greatest king of all till one day we had a war. They threw bombs at us and those bombs caused fires. And I remember that on July 9, 797, those people threw a bomb on my castle and destroyed it. I tried my best to save other lives, but i just couldn't. I started to cough and I breathed that air and I was done. After my death they made a museum to remember me, they also made a statue and they put me in that statue. They always used to celebrate on july 9 about me. But then one night our enemies came out of nowhere to destroy my museum. They took me to a new museum. Out of nowhere, my town disappeared, no trace of them were left, and then someone decided to make where my old museum was into farmland which is where you live.

Millie  
Wow but how...

King A  
Shhh listen, I have a plan to get my town back. I'm going to haunt the museum... (laughs)

Millie  
No, no, no you can't do that...

King A:  
Oh, can't I? (He appears in the present-day museum)\*statue disappear\*

Millie  
Oh no, I have to alert someone.  
(Millie runs to the museum and tries to find the statue.)  
Where is it? Where is it? Wait, where is everybody?  
Oh no, this is bad.

(Millie runs faster to find the statue)  
Uh oh, maybe it's close to the bones.  
(Millie runs to the bones section)  
Oh here...  
(He touches the statue and boom, the museum falls apart)\*statue disappears\*  
Ahhhh, omg!

(He walks close to the alarm button and touches it. All the doors start to close)

King A

Why did you do that? You know that won't change anything.

Millie

What Can I do for you to change your mind?

King A

Touch me.
